

The final homework sheet for the Term – Have fun!

Weekly Tasks

Reading

Read for 20 minutes every day. Make sure you fill out the Reading Log with the books you have read (or chapters from your book).

My Own Weather Station

On the “Lower Bridge” page of the school website, click on the ‘Lower Bridge News’ tab to find a blog post about building Weather Stations.

Use the instructions to create some of your own weather stations at home, so you can measure the weather over the holidays. **Take photos of what you have built and write about what you have found out during the week.** You will need a parent to help you with the cutting for some of these activities!

Mr Thompson has booklets of the instructions for those that don’t have access to the internet.

Maths

Go For Gold: Try some activities on Mathletics!

Spelling

Everybody should have a Spelling City Log in and Spelling words glued into their books. Here is the plan for each week’s Spelling Homework:

Monday – Spelling words entered onto Spelling City. A list printed off and glued into Homework Book.

Monday – Thursday – Learn your words **AND USE THEM in CREATIVE SENTENCES (for each word).**

Friday – Spelling Testing in class.
