ROSENEATH SCHOOL

VOLUME 6 9 March 2017

AFTER SCHOOL CARE

After School care, RASC, bookings are made directly between Parents/Caregivers and the RASC provider— Miss Pyar. Casual bookings can be made up until noon on the day required. Please call 0276898845 for availability. Forms for RASC are on our website www.roseneath.school.nz/Information.

ROSENEATH SCHOOL FUNDRAISING

Did you know that every dollar you spend at New World Wellington City - NW City give Roseneath School back 1.5% in cash?

All you need to do is take your receipt to the service desk and they will validate it with a stamp then you can put it into the Roseneath collection box on the way out of the supermarket.

If you need to keep your receipt ask for another copy at the till.

If you forget to do this then you can leave your receipt in the red 'friends' box by the office at school and we'll sort it.

Just like that - money for Jam!

Buddies working on Science

BOT MEETING, MONDAY 13TH MARCH, 7:30PM

The next BOT meeting is Monday, 13 March at 7.30pm. An agenda for the meeting is posted on the School website under *Our People- Board of Trustees*.

ROSENEATH SCHOOL T-SHIRTS

We have commercially printed Roseneath School T-Shirts available for sale from the school office for \$28 each. These are perfect for everyday wear, but also for those students representing our school in a sports team.

GARDEN WORKING BEE SUNDAY 12TH MARCH

Friends of Roseneath Fundraising Committee invite you to join us for a Gardening Working Bee this Sunday 12th March from 1-3pm.

We would love to see the whole school community pitch in to help tidy up the gardens so they match the new and improved school buildings. Friends will be running a free sausage sizzle for the kids (and adults) and coffee and tea too. We will text you on Sunday morning if we have to postpone due to bad weather. Otherwise we'll see you with your gardening gloves, trowels, loppers and clippers in hand.

FLOOR BALL

Floor ball is played throughout Term 1 on Tuesday afternoons for Year 3-6, Thursdays for Yr 7-8. This Term we have 7 Floor ball teams (Year 3, Year 4, two Year 5 teams, Year 6, two Year 7-8 teams). Thanks to all the parents who have helped out with coaching and team management (particularly Adrian Owen who is managing multiple teams and Nik Melville for assisting with the team coordination). The kids have started well and are all enjoying developing their skills in a fantastic sport!

Sharing Science

TE PAPA BUG TRIP 21ST MARCH

The children in Years 3-6 (Lower Bridge, Upper Deck and The Long Boat) are visiting Te Papa Bug Exhibition as part of our Science Topic. We will be travelling to and from the museum by bus and will require parents to travel with us on the bus and to help with small groups while we are there. We will leave school at 9:30 am and return by 1:30 pm. A notice will be coming home. Could you please return this as soon as possible.

Luana, Sue, Hayden

TABLOID SPORTS

Next Thursday 16th March (postponement date is 23rd March) all students will be participating in our annual Tabloid Sport event at Crawford Green in Miramar. Activities will be organised and run by our senior Year 7 and 8 students and the Yr 5 & 6 students are the team leaders. Yr 1 to 6 students are grouped in mixed age teams and move around a variety of activities.

We will leave school at 9.30 am by bus and return around 1.30pm. Students will need to bring their lunch, drink, wear appropriate clothes and shoes for sports based activities and wear sunscreen and sunhats.

A separate notice about this trip came home yesterday (one per family)- we require your permission for your children to participate, and we would also really appreciate parents and caregivers to help with supervision on the bus and at the grounds. There is a cost of \$3.00 per student that covers the buses and will come out of the transport fee. Any queries please talk to your child's class teacher or to Anne Crewdson in Upper Bridge.

SCIENCE—GATHERING AND INTERPRETING DATA

Last Thursday classes buddied up to share their science learning so far this term. They shared their observation skills, some scientific writing and other work, and carried out some experiments together. It was a great opportunity for children to articulate their learning with older and younger students.

GENERAL
